

Aequor Inc.

UEI# YJ2LPVHVBGG5

Aequor is a biotech company whose solutions benefit health and the environment, while boosting profits of most agro-industrial processes. Our innovative solutions contribute to safer, cleaner, and more sustainable products for consumers, industry, and health. Aequor brings nontoxic, eco-friendly, sustainable, and green natural solutions. The dispersants, surfactants, soaps, and cleaning agents make current products work better. The new antimicrobial biocides (in development) effectively also prevent biofilm formation and remove existing biofilm rapidly. Both improve the product's performance and reduce the toxic load on ecosystems in our homes and bodies.

Birdgroup Construction	UEI# XSKRAW9X2NG1	SB (Micro) Cert.# 2006969
